

July 14th, 2017

The Asst. Superintendent of Teaching and Learning called me to state I made it to the final round of checking references and that a possible follow up meeting with herself or the Superintendent may occur early the following week.

July 20th, 2017

There was no communication from the previous Friday on the position. I found out through a posting early this morning that the school board would be meeting to hear public comments on the reconfiguration of the HS administration. Nothing of this nature was brought forth prior to school board posting to any administrators across the district. I attended the board meeting that evening to find the board voted to have two principals instead of one (which was the position I interviewed for). This night is when my current position of Director of Teaching and Learning 9-12/Associate Principal was eliminated because of this vote to have two principals. Still nothing was communicated to administration on the possibility of going from one to two principals.

July 21st, 2017

The Superintendent and Asst. Superintendent of Teaching and Learning requested that I meet with them to *update you on the Board of Education meeting held tonight and in preparation for the Board of Education meeting on 7-24-17*. The Superintendent made it clear that he recommended me to the board on Tuesday as the candidate to lead East and West High Schools under one principal. He then indicated that the board directed him to appoint two principals. The Superintendent stated that the board has directed him to appoint me as one of the high school principals. This is not the job I originally applied for and knowing that my current job was eliminated due to the decision to have two principals I struggled greatly with the poor ethics and lack of process with the appointment.

July 23rd, 2017

I told the Superintendent that I would agree to move forward in the process, but should the appointed be reviewed I would be more than willing to follow a proper process in applying and interviewing for the position.

July 24th, 2017

The board gave an introduction of both myself and the other appointed principal as potential principals of the high schools. Contracts would be ratified on Aug. 14th, 2017.

Aug. 14th, 2017

My contract was ratified by the school board to be the West Bend East High School Principal.
